

We inform you of the changes which have taken place in the management and administration of the Institutum Historicum Teresianum (IHT). During a period of ten years (1998-2008) the administration of the IHT was under the care of the Bursar of the Theological Faculty "TERESIANUM." The General Difinitory in session, which took place on October 4, 2008, established a management council for the IHT naming Frs. Domingo Fernández de Mendiola, Sunny (Thomas) Maniakkunnel and José Luis Ferroni, President, Vice-President and Secretary-Bursar respectively.

Fr. Luis Aróstegui, Superior General of the Order, in a letter dated October 22, 2008 to Fr. Francisco Tejedor, administrator of publications for the Theological Faculty "TERESIANUM," announced to him the change of administration of the IHT and thanked him for the services rendered in the delivery of books from the Historical Institute to its subscribers during the period of absence of a management council that would be in charge of them.

Hence, we would be grateful that all correspondence, requests and payments regarding the IHT now be sent to our administration.

Fr. José Luis Ferroni, OCD  
Secretary-Bursar  
Institutum Historicum Teresianum
